## Extra ordinary kitchen

Immagina un luogo dinamico,  
confortevole, con grande libertà  
di movimento.

Immagina uno spazio funzionale  
capace di rispondere ad ogni  
tua esigenza.

Immagina un luogo sicuro e sano,  
perché privo di elementi tossici  
o dannosi per l'uomo e l'ambiente.

Immagina un ambiente elegante,  
senza tempo, che si svincola dalle  
mode e dalle tendenze.

Immagina uno spazio che veste  
alla perfezione i tuoi sogni.

Stai pensando a Maryland.

Riconosciamo l'importanza del design sostenibile, nel corso degli anni abbiamo adottato un approccio progettuale che pone attenzione alle risorse ambientali. In particolare: utilizziamo pannelli con minimo contenuto ed emissione di formaldeide, vernici prive di metalli pesanti e legni provenienti da foreste certificate.

**Maryland for the environment**

We recognise the importance of sustainable design: over the years we have developed an approach to design that considers environmental resources. In particular: we use panels with minimal content and emission of formaldehyde, paints free of heavy metals, and certified wood from sustainable forests.

**Maryland pour l'environnement**

Nous reconnaissons l'importance d'une conception durable, au fil des années, nous avons adopté une approche de conception qui accorde une attention aux ressources environnementales. En particulier: nous utilisons des panneaux à faible teneur et émission de formaldéhyde, des peintures exemptes de métaux lourds et du bois provenant de forêts certifiées.

## Bespoke solutions

La predisposizione a ricercare ed innovare ci ha portato ad espandere le soluzioni progettuali proponendo una modularità sempre più ampia, nonché finiture e complementi che permettono la massima personalizzazione dell'ambiente cucina.

**Bespoke solutions**

We carry out research and innovation to offer more solutions for greater modularity, as well as finishes and accessories for customising your kitchen environment.

**Solutions sur mesure**

Notre prédisposition à chercher et innover nous a conduit à étendre les solutions de design en proposant une modularité toujours plus large, ainsi que des finitions et accessoires qui permettent une personnalisation maximale de la cuisine.

# Maryland

## Qualità 100% made in Italy

La qualità è per noi un fattore chiave per rispondere alle esigenze di ogni singolo cliente. La qualità sta alla base di ogni lavorazione, in tutte le fasi del ciclo produttivo. Dalla selezione accurata dei materiali alla realizzazione, per offrirvi bellezza, prestazioni eccellenti e durata nel tempo.

#### **The quality of 100% Made in Italy**

We believe quality is a key factor in meeting the needs of each individual customer.

We prioritise quality during every process, and every stage of the production cycle - from careful selection of the materials to construction - to ensure beauty, excellent performance and durability.

#### **Qualité 100 % made in Italy**

Pour nous, la qualité est un facteur clé pour répondre aux besoins de chaque client.

La qualité est la base de chaque processus, à toutes les phases du cycle de production. De la sélection rigoureuse des matériaux à la construction, pour vous offrir beauté, excellentes performances et durabilité.

## Salubrità e atossicità dei materiali

Il benessere dell'uomo è al centro di ogni nostro progetto. Vogliamo che esso viva la quotidianità in tutta sicurezza, godendo a pieno di ogni esperienza. Ecco perché realizziamo le nostre cucine nel pieno rispetto dell'ambiente, assicurando la massima riduzione delle emissioni tossiche, l'eliminazione di composti dannosi o nocivi come la formaldeide mediante l'utilizzo di vernici ad acqua e pannelli ecologici.

**Healthiness and non-toxicity of the materials**

Human well-being is central to all our projects. We want you to live your daily life in complete safety, enjoying every experience to the full. That's why we make our kitchens in full respect of the environment, ensuring maximum reduction of toxic emissions, and the elimination of toxic or harmful compounds such as formaldehyde through the use of water-based paints and ecological panels.

**Salubrità e non-tossicità dei materiali**

Le bien-être de l'homme est au centre de tous nos projets. Nous voulons que chacun puisse vivre sa vie de tous les jours en toute sécurité, en profitant pleinement de chaque expérience. C'est pourquoi nous fabriquons nos cuisines dans le plein respect de l'environnement, en assurant une réduction maximale des émissions toxiques, l'élimination des composés dangereux ou nocifs tels que le formaldéhyde grâce à l'utilisation de peintures à base d'eau et des panneaux écologiques.

## 5-10 year guarantee

Affidabilità e Performance nel tempo sono i concetti su cui da anni progettiamo le nostre cucine. Ogni programma è concepito per durare nel tempo, grazie all'utilizzo di materiali di prima qualità e ad un design impermeabile al mutare delle tendenze. Proprio per questo offriamo una garanzia di 2 anni inclusa nel prezzo, e la possibilità della sua estensione fino a 5 o 10 anni. Un segno di riconoscimento verso chi sceglie la Qualità Spagnol Cucine.

### 5/10 year guarantee

Reliability and performance over time have been the hallmarks of our kitchens for many years. We design each programme to last over time, with top quality materials and a design impervious to changing trends. Precisely for this reason we offer a 2-year warranty included in the price, and the possibility of extending it up to 5 or 10 years.

A sign of recognition of those who choose Spagnol Cuine Quality.

### Garantie de 5/10 ans.

Fiabilité et performance dans le temps sont les concepts selon lesquels nous concevons nos cuisines depuis des années. Chaque programme est conçu pour durer dans le temps, grâce à l'utilisation de matériaux de première qualité et à un design imperméable aux tendances changeantes. C'est précisément pour cette raison que nous offrons une garantie de 2 ans incluse dans le prix et la possibilité de sa prolongation jusqu'à 5 ou 10 ans.

Un signe de reconnaissance envers ceux qui choisissent la qualité Spagnol Cucine.

## Sensations and high performance from material surfaces

Venature, trame e trasparenze: materiali da toccare, sentire, e vivere a pieno, per un progetto contemporaneo.

HYGIENIC SURFACES

FOOD GRADE SURFACES

ANTIBACTERIAL SURFACES

SHOCK-RESISTANT SURFACES

FINGERPRINT RESISTANT SURFACES

**Vetri Laccati**  
— Riflessi d'autore.

Lucido o satinato, il vetro in cucina è un materiale di grande pulizia formale, ma anche resistente e durevole.

Lucido per una resa a specchio o satinato per una maggior piacevolezza al tatto e un effetto opaco anti-impronta.

**Lacquered Glass**  
— The perfect shine.

Glossy or satin glass in the kitchen is a material of great formal cleanliness, but also resistant and durable. Glossy for a mirror finish or satin for a greater pleasantness to the touch and an anti-fingerprint matt effect.

**Lacquered Glass**  
— Réflexes d'auteur.

Poli ou satiné, en cuisine, le verre est un matériau formel d'une grande propreté, mais aussi résistant et durable. Brillant pour une finition miroir ou satiné pour une plus grande douceur au toucher et un effet mat anti-traces de doigts.

**Fenix**  
— Superfici ad alta prestazione.

Fenix è un materiale ad alto contenuto tecnologico versatile e innovativo.

Dal colore intenso e profondo, ha una superficie morbida che regala piacevoli sensazioni tattili.

**Fenix**  
— High performance surfaces.  
Fenix is a high-tech material that is both versatile and innovative. With an intense and deep colour, it has a soft surface that is pleasant to the touch.

**Fenix**  
— Surfaces hautes performances.  
Fenix est un matériau de haute technologie polyvalent et innovant. Avec une couleur intense et profonde, il a une surface douce qui procure des sensations agréables au toucher.

## Legni — Venature d'eccellenza

Le cucine in legno creano atmosfere calde ed accoglienti, combinando il fascino senza tempo del legno al design più contemporaneo.

Essenze nobilitate o legni tinti: soluzioni che esaltano le venature e il colore del legno.

### Wood — Veins of excellence

A kitchen with wooden furnishings can have a warm and welcoming atmosphere, combining the timeless charm of wood with the most contemporary design. Ennobled essences or stained woods: solutions that enhance the grain and colour of wood.

### Bois — Veines d'excellence

Les cuisines en bois créent des ambiances chaleureuses et accueillantes, alliant le charme intemporel du bois au design le plus contemporain. Essences anoblies ou bois teintés: des solutions qui mettent en valeur les veines et la couleur du bois.

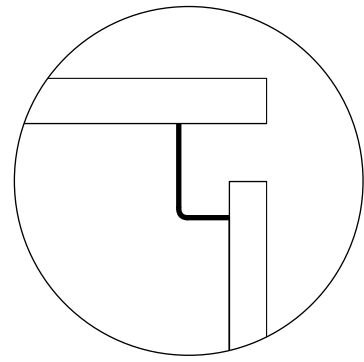

# Open Systems

**Gola Cava** — Il profilo della gola, in assenza della maniglia, fornisce a Maryland quella possibilità di apertura dell'anta in corrispondenza con la sua presa. Le volumetrie consentono una facilità di apertura dell'anta rendendo comodo il suo utilizzo. Il profilo è di forma cava, ed è disponibile in alluminio brillante, alluminio anodizzato nero spazzolato, e alluminio verniciato nelle assortite colorazioni nella gamma Spagnol Cucine.

GOLA CAVA

**Groove** — The profile of the groove makes it possible to both grip and open the door. The design is such as to ensure ease of opening and comfort of use. The profile is hollow in shape, and is available in bright aluminium, Brushed Black Aluminum, and glossy varnished aluminium in various colours in the Spagnol Cucine range.

**Gorge** — Le profil de la gorge et l'absence de poignée donnent au Maryland la possibilité d'ouvrir la porte en correspondance avec la poignée. Les volumes permettent une ouverture facile de la porte rendant son utilisation confortable. Le profil est de forme creuse et est disponible en aluminium brillant, en Aluminium noir brossé et en aluminium vernis brillant dans la gamme de couleurs proposée par Spagnol Cucine.

**Titanio**  
Titanium  
Titane

**Alluminio Nero Spazzolato**  
Brushed Black Aluminum  
Aluminium noir brossé

**Alluminio Brillante**  
Brilliant Aluminium  
Aluminium Brillant

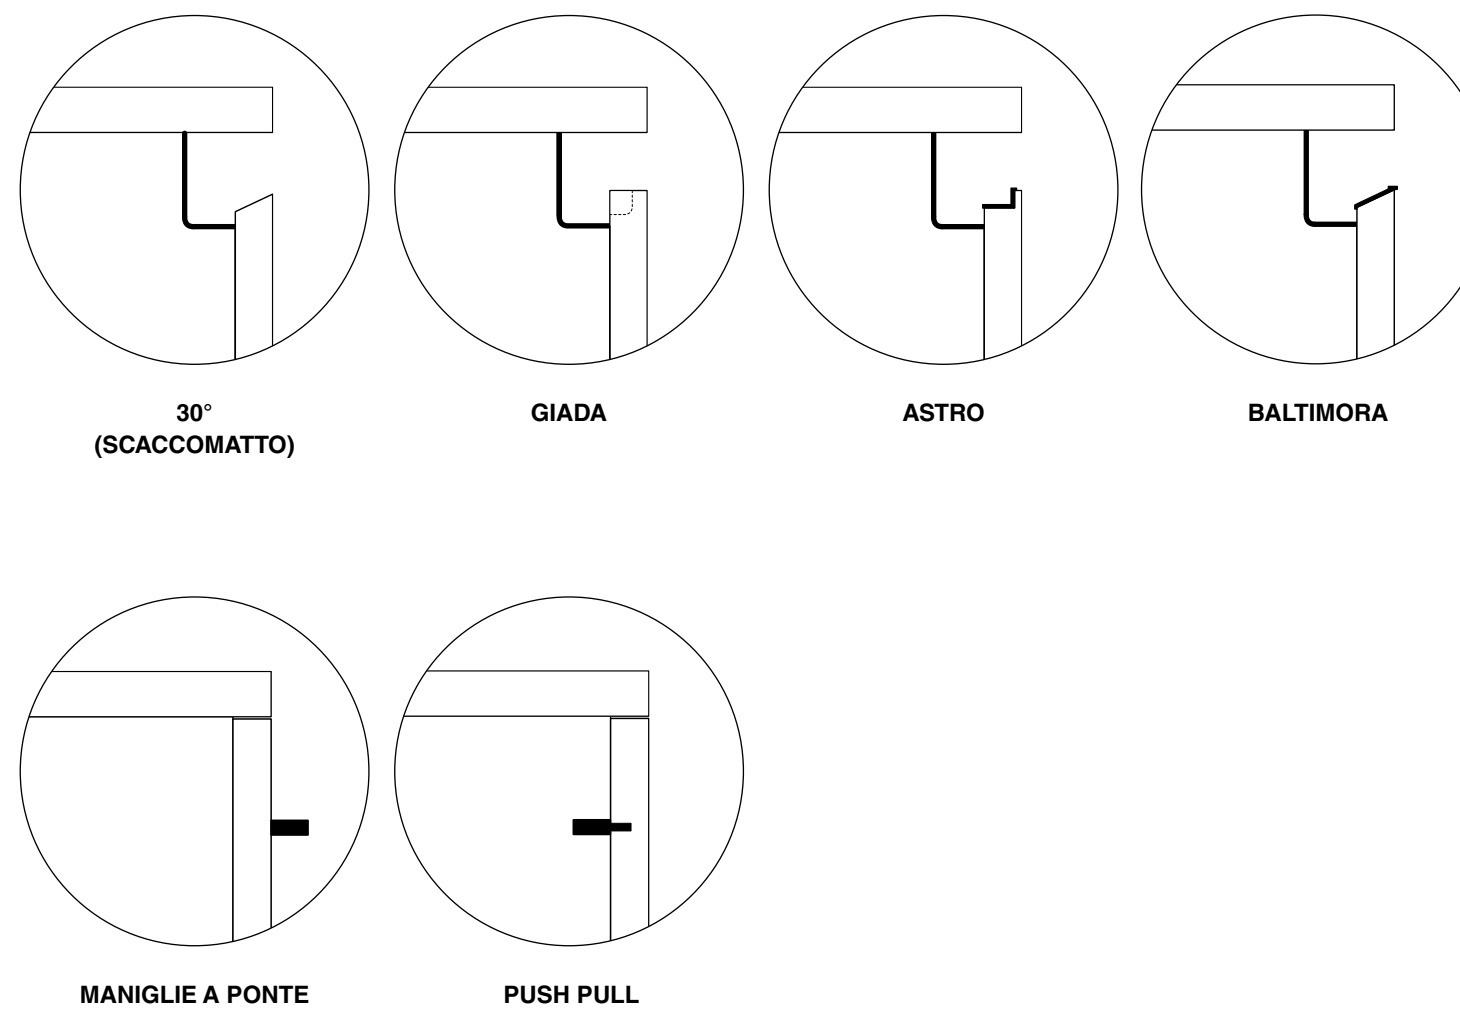

**Verniciato**  
Varnished  
Verni

**Maniglie** — La proposta Maryland è ampia, dal taglio a 30° a vari profili orizzontali o verticali che grazie alla loro versatilità, consentono di soddisfare qualsiasi esigenza estetica e funzionale. In alternativa o in abbinamento alle maniglie è possibile scegliere il Push-pull. Un sistema pratico e pulito basato su un pistone da premere, posto in cima al fusto retrostante all'anta.

**Handles** — Maryland offers a broad range of these, with a 30° angle and various horizontal or vertical profiles which, thanks to their versatility, can meet any aesthetic and functional need. Alternatively, or in combination with the handles, you can choose the Push-pull. It is a practical and simple system which involves pressing a piston on top of the stem behind the door.

**Poignées** — La proposition Maryland est large, avec une coupe à 30° avec différents profils horizontaux ou verticaux qui, grâce à leur polyvalence, permettent de satisfaire tout besoin esthétique et fonctionnel. À la place ou en combinaison avec les poignées, vous pouvez choisir le système push-pull. Un système pratique et propre fonctionnant grâce à un piston à presser, placé sur le dessus de la tige derrière la porte.

Le maniglie sono disponibili nelle tinte:  
Brill o in tinta laccata opaco.

The handles are available in these colours:  
Brill or Matt lacquered colour.

Les poignées sont disponibles dans les  
couleurs: Brillant ou de couleur laquée mate.

## Kitchen Details

## Colonne e Pensili in vetro "Luxury" — trasparenze raffinate

Anta in alluminio antracite con maniglia integrata e vetro fumè, ripiani in vetro, schiena personalizzabile. Su richiesta è inoltre possibile installare una lampada a LED dotata di sensore incorporato per l'accensione automatica ad ogni apertura dell'anta.

### "Luxury" glass columns and wall cabinets — Refined transparent effects

Anthracite aluminium door with integrated handle and smoked glass, glass shelves, customisable back. On request it is also possible to install an LED lamp with built-in sensor which turns on the lamp every time the door is opened.

### Colonnes et éléments hauts en verre "Luxury" — Transparence raffinée

Porte en aluminium anthracite avec poignée intégrée et verre fumé, étagères en verre, fond personnalisable. Sur demande, il est également possible d'installer une lampe LED avec capteur intégré pour l'allumage automatique à chaque ouverture de la porte.

## Pareti attrezzate "Modular" — Personalizza il tuo spazio

Strutture in alluminio antracite leggere e funzionali con schiena personalizzabile.

Declinabili nelle versioni a colonna da terra o sospesa, e nella versione sottopensile che permette di ottimizzare gli spazi della cucina sfruttando lo spazio tra top e pensili. Una semplicità che assicura un'eccezionale versatilità.

### "Modular" equipped walls — Customise your space

Lightweight and functional anthracite aluminium structures with customisable back.

Available in floor or wall-mounted column versions, and in an under-cabinet version that optimises the use of space between tops and wall units in the kitchen. A simplicity that ensures exceptional versatility.

### Murs équipés "Modular"

#### — Personnalisez votre espace

Structures en aluminium anthracite léger et fonctionnel avec fond personnalisable.

Disponible en version colonne au sol ou suspendue, et en version sous meuble qui vous permet d'optimiser les espaces de la cuisine en exploitant l'espace entre les meubles et les éléments hauts. Une simplicité qui assure une polyvalence exceptionnelle.

## Tatep — Finiture di pregio

Maryland ha sviluppato diverse soluzioni per dare vita ad una cucina elegante e raffinata, dall'estetica rigorosa ed essenziale.

Una di queste è il Tatep: un elemento di finitura angolare, valida alternativa nel caso in cui non si voglia terminare la composizione con un semplice pannello di finitura.

### **Tatep**

#### **— Luxury finishes**

Maryland has developed various solutions for elegant and sophisticated kitchens with a sleek and essential look. One of these is the Tatep: a corner finishing element, perfect when you prefer not to have a simple finishing panel.

### **Tatep**

#### **— Finitions haute qualité**

Maryland a développé plusieurs solutions pour donner vie à une cuisine élégante et raffinée à l'esthétique rigoureuse et essentielle. L'une d'entre elles est le Tatep: un élément de finition d'angle, une alternative au cas où que vous ne voudriez pas finir votre composition avec un simple panneau de finition.

**Volumi imponenti e linee compositive decise.**

**Una soluzione dalla forte valenza architettonica pensata per grandi spazi.**

**Le aree funzionali della cucina sono inglobate in strutture monolitiche. Le colonne, qui proposte con altezza massima grazie all'utilizzo di sopracolonne, diventano dei veri e propri volumi strutturali capaci di delineare gli ambienti circostanti.**

**EN.** Big volumes and sharp lines. A solution with strong architectural value for big spaces. The functional areas of the kitchen are incorporated in monolithic structures. The tall units, here at their maximum height thanks to the use of surmounting units, become real structural units able to delineate the surrounding rooms.

**FR.** Cuisine dotée de volumes imposants et de lignes épurées marquées. Une composition d'une grande beauté architecturale, conçue pour les espaces importants. Les zones fonctionnelles de la cuisine sont englobées dans des structures monolithiques. Les colonnes, ici dotées d'un élément supérieur et donc proposées dans leur hauteur maximum, deviennent de véritables volumes structuraux capables de délimiter les espaces environnants.

**Estetica e grande capacità.**

**Le aree funzionali contrapposte e accostate garantiscono grande ergonomia e consentono di muoversi nello spazio agevolmente. I pensili si fondono con grandi vani a giorno garantendo una perfetta funzionalità ed organizzazione. La penisola si amplia e diviene tavolo: un accorgimento che aumenta la superficie di lavoro a disposizione.**

**EN. Aesthetics and great capacity.**

Contrasting and side-by-side functional areas guarantee great ergonomics and make moving around easier. The wall units blend together with the big open units providing perfect function and organization. The island widens and becomes a table: a solution that increases the available work space.

**FR. Esthétique et grande capacité.**

Les zones fonctionnelles opposées et juxtaposées garantissent une grande ergonomie et vous permettent de vous déplacer facilement. Les éléments hauts fusionnent avec de grands compartiments ouverts assurant une fonctionnalité et une organisation parfaites. L'îlot s'agrandit et devient une table: un dispositif qui permet d'augmenter la surface de travail disponible.

**Contemporanea e versatile.**

**L'utilizzo di grandi pareti attrezzate e di un isola capace di accogliere attività differenti, garantiscono la continua interazione con gli spazi circostanti.**

**Non più solo zona dedicata alla preparazione e al consumo del cibo, ma fulcro di incontri e scambi.**

**EN.** Contemporary and versatile.

The use of large furnished walls and an island that can accommodate different activities ensures continuous interaction with the surrounding space. The kitchen is no longer solely devoted to the preparation and consumption of food, but a hub for encounter and exchange.

**FR.** Contemporain et polyvalent.

L'utilisation de grandes parois équipées et d'un îlot conçu pour accueillir différentes activités garantit l'interaction continue avec les espaces environnants. Ce n'est plus seulement un espace dédié à la préparation et à la consommation de la nourriture. Il devient un lieu de rencontres et d'échanges.

**Forte personalità, essenzialità ed eleganza.**

**La ricchezza delle innovazioni estetiche e di materiali di ultima generazione, fanno di Scacomatto un modello di alta gamma di Spagnol Cucine.**

**L'assenza della maniglia conferisce al progetto una linearità senza pari. Le tonalità del tortora e del castoro Ottawa si legano in perfetta sintonia, creando un piacevole gioco di contrasti tra le superfici lisce del Fenix e quelle graffiate della resina malta ecologia.**

**EN.** Strong character, essential and elegant.

The richness of the aesthetic innovations and state-of-the-art materials make Scacomatto a high-end model by Spagnol Cucine.

The absence of a handle gives the collection a simple line without equal. The dove grey and Ottawa beaver tones unite in perfect harmony creating a pleasant play of contrasts between the smooth Fenix NTM surfaces and the etched surface of the cement resin.

**FR.** Forte personnalité, caractère essentiel et élégance.

La richesse des innovations esthétiques et des matériaux de dernière génération font de Scacomatto un modèle haut de gamme de Spagnol Cucine.

L'absence de la poignée confère au projet une linéarité inégalée. Les nuances de tourterelle et de castor Ottawa se lient en parfaite harmonie, créant un agréable jeu de contrastes entre les surfaces lisses du Fenix et celles rayées de la résine écologique.

Top

## Proprietà e qualità

- Praticità e resistenza
- Impermeabilità ad acqua e vapore
- Resistenza a limone, olii e acidi alimentari
- Termoresistenza al calore fino a 180°
- Igiene
- Idoneità al contatto con alimenti

### Properties and qualities

- Practicality and resistance, impermeability to water and steam
- Resistance to lemon, oils and food acids, heat resistance up to 180°
- Hygienic, suitability for contact with food.

### Propriété et qualité

- Praticité et résistance, imperméable à l'eau et à la vapeur, résistance au citron, aux huiles et aux acides alimentaires, résistance à la chaleur jusqu'à 180 °c, hygiène, adapté au contact alimentaire.

## Inserimento elettrodomestici

— Le caratteristiche tecniche dei piani come l'impermeabilità e la resistenza al calore consentono l'utilizzo di elettrodomestici a incasso, filotop, sottotop e integrato.

### Insertion of Appliances

— The technical characteristics of the shelves such as waterproofing and heat resistance allow the use of built-in, flush-mount, undermount and integrated appliances.

### Insertion d'appareils électro-ménagers

— Les caractéristiques techniques des plans telles que l'étanchéité et la résistance à la chaleur permettent l'utilisation d'appareils électro-ménagers encastrés posés à fleur, en retrait et intégrés.

## Tipologie Top

— Tre sono le varianti di top proposte, tra loro differenti per spessore e lavorazione.

**Piano scatolato rinforzato con multistrato di pioppo.**  
Permette di realizzare piani di forte spessore (da 20 mm a 160 mm).

Box top reinforced with poplar plywood.  
The shelves can be fairly thick (20 mm to 160 mm).

Plan renforcé de contreplaqué de peuplier.  
Il vous permet de créer des étagères épaisses (de 20 mm à 160 mm).

**Interamente in HPL stratificato, dall'immagine minimale ed essenziale.**  
Permette di realizzare anche forme curve. (spessore 12 mm).

Entirely in stratified HPL, with a minimal and essential look.  
It can also have contoured sections (12 mm thick).

Entièrement en HPL stratifié, avec une image minimale et essentielle.  
Il vous permet également de créer des formes courbes. (épaisseur 12 mm).

**Ha le stesse potenzialità e gli stessi requisiti tecnici, ma è caratterizzato da un taglio terminale a smusso che ne enfatizza l'eleganza (spessore 12 mm).**

It has the same potential and technical requirements, but is characterised by a more sophisticated bevel end cut (12 mm thick).

Il a le même potentiel et les mêmes exigences techniques, mais se caractérise par une coupe en biseau qui souligne son élégance (12 mm d'épaisseur).

## Vasche integrate squadrate

— I top in HPL permettono l'applicazione di vasche integrate squadrate di varie misure, nella stessa finitura scelta per il piano. Sono disponibili con fondo in acciaio inox in tutte le varianti di colore e con fondo in HPL in alcune colorazioni. L'uso di vasche integrate in HPL regala continuità e armonia all'estetica dell'ambiente cucina.

### Integrated square sinks

— The HPL tops can be fitted with integrated square sinks of various sizes, in the same finish chosen for the top. They are available with a stainless steel bottom in all colour variations and with HPL bottom in some colours. The integrated HPL sinks lend continuity and harmony to the aesthetics of the kitchen environment.

### Bacs carrés intégrés

— Les plateaux en HPL permettent l'application de bacs carrés intégrés de différentes tailles, dans la même finition que celle choisie pour le plan. Ils sont disponibles avec un fond en acier inoxydable dans toutes les variations de couleurs et avec fond HPL dans certaines couleurs. L'utilisation de bac HPL intégrés donne continuité et harmonie à l'esthétique de la cuisine.

DA3 | LUCIDO GRIGIO PIETRA

DA4 | LUCIDO ANTRACITE

**LACCATO UV EASYLAK è un'innovativa finitura laccata lucida e opaca soft touch.**

La sua unicità nasce dal fatto che affianca all'elegante bellezza del gloss e alla piacevolezza tattile dell'effetto seta una serie di qualità nascoste, capaci di fare la differenza sul piano delle performance.

- Resistenza all'abrasione e alla graffiatura
- Elevata resistenza chimica
- Bassissime emissioni di VOC
- Riparabilità di piccoli graffi mediante un semplice e immediato procedimento termico.

**EASYLAK UV LACQUER is an innovative glossy and Matt soft touch lacquered finish.**

It is unique in that it combines the sophistication of gloss and the tactile pleasantness of the silk effect with a series of hidden qualities that improve performance.

- Resistance to abrasion and scratching
- High chemical resistance
- Very low VOC emissions
- Repairability of small scratches by means of a simple and immediate thermal process.

**Le LAQUÉ UV EASYLAK est une finition laquée innovante brillante et mate douce au toucher.**

Son caractère unique tient au fait qu'il allie la beauté élégante du brillant et la douceur tactile de l'effet soie à une série de qualités cachées, capables de faire la différence en termes de performances.

- Résistance à l'abrasion et aux rayures
- Haute résistance chimique
- Très faibles émissions de COV
- Possibilité de réparation des petites rayures au moyen d'un simple et processus thermique immédiat.

**Tinte morbide che si avvicinano alle finiture del legno sino ad essere interpretate come materiali lignei veri e propri.**

Qualità e prezzo sono la base di partenza di questi prodotti: la gamma si amplia con l'inserimento dei nuovi Noce Cotto e Noce Sider.

**Light shades, that remind wood finishes, can be interpreted as real wooden panels.**

Value for money is at heart of our products. New colours "Noce Cotto" and "Noce Sider" have been added to our finish selection.

**Des couleurs douces qui se rapprochent tellement des finitions en bois qu'elles peuvent être interprétées comme de véritables matériaux en bois.**

La qualité et le prix sont la base de ces produits: la gamme s'élargit avec l'ajout des nouveaux noyer Cotto et noyer Sider.

**Pannelli costituiti da strati di materiale di fibra cellulosa impregnati di resine termoindurenti.**

HPL è un laminato stratificato creato per azzerare i danni causati dall'acqua, dal vapore e dalle infiltrazioni degli olii, permettendo di evitare giunzioni e con la possibilità di dimensioni e forme finora non consentite da altri materiali.

**HPL stratified laminated panels are made of layers of cellulose fibre materials which are impregnated with thermosetting resins.**

This kind of stratified laminate is created in order to eliminate the damages caused by water, steam and oil infiltrations. This material allows the avoidance of joints and the possibility to have sizes and shapes, which were not possible in the past and with other materials.

**Panneaux constitués de couches de fibres de celluloses imprégnées de résines thermodurcissables.**

HPL est un stratifié en couches créé pour éliminer les dommages causés par les infiltrations d'eau, de vapeur et d'huile, permettant d'éviter les joints, avec la possibilité de proposer dimensions et de formes non autorisées auparavant par d'autres matériaux.

**Fenix** sp.22mm

**Laccati acciaio** sp.22mm

**FENIX NTM® è un materiale innovativo creato per l'interior design, adatto ad applicazioni sia verticali sia orizzontali.**

Con una bassa riflessione della luce, la sua superficie è estremamente opaca, anti impronte digitali e piacevolmente soft touch. Igienico, idoneo al contatto con gli alimenti, facile da pulire, antimuffa e idrorepellente: ecco le caratteristiche che lo rendono particolarmente adatto all'ambiente cucina.

**FENIX NTM® is an innovative material created for interior design and suitable for both vertical and horizontal applications.**

With low light reflectivity, the surface is extremely opaque, anti-fingerprint and pleasantly soft to the touch. Hygienic, suitable for contact with food, easy to clean, anti-mould and water-repellent: these are the characteristics that make it particularly suitable for the kitchen environment.

**FENIX NTM® est un matériau innovant créé pour la décoration intérieure, adapté aux applications verticales et horizontales.**

Avec sa faible réflexion lumineuse, sa surface est extrêmement opaque, anti-traces de doigts et est agréablement douce au toucher. Hygiénique, adapté au contact avec les aliments, facile à nettoyer, anti-moisissure et hydrofuge: ces caractéristiques rendent ce matériau particulièrement adapté à l'environnement de la cuisine.
